

# Alexandra Viney

## Rowing

### PROFILE

Tasmanian born Alexandra Viney was a promising young rower throughout her high school years.

At the age of 18, Alex survived a serious, high-speed car accident caused by a drunk driver. The accident left Alex with lasting impairments to her left elbow, forearm & hand.

In November 2018, Alex began her journey as a para-athlete when she sat in a boat for the first time - a second chance at her rowing dream.

Alex was selected for the Australian Senior Para-Rowing Team in the PR3 Mixed Coxed four in February 2019. In May 2019, Alex debuted for Australia at the Gavirate International Para Regatta placing second in the PR3 four and fourth place at her first World Championships, in the bow of her selected boat class, in August 2019.

Outside of her training in pursuit of Paralympic selection, the current Mercantile member, is studying a Master of Business (sports management) at Deakin University and operates a small business.

<b>Date of Birth:</b>	10 June 1992
